Open Craft Night Returns

The library will be hosting an open craft night once again in September and October. Everyone is encouraged to bring a craft in to share, but it is not required. You may also attend to learn from other crafters what they are making. At each open craft night a brief demonstration of a simple craft will take place. Open craft night will be on September 21st and October 19th at 5:00 pm. If you have a craft that you would be interested in seeing demonstrated, give Jill a call at the library. All requests will be considered.

TOPS

(Take Off Pounds Sensibly®) is the short name for TOPS Club, Inc.®, the original, nonprofit, noncommercial network of weight-loss support groups. TOPS® offers tools and programs for healthy living and weight management, with exceptional group fellowship and recognition.

Mission: To help and support our members as they take off and keep off pounds sensibly.

How It Works: Weekly meetings include private weigh-ins and professionally prepared informational chapter programs featuring current nutrition, fitness and wellness information. Programs provide positive reinforcement and motivation to adhere to healthy eating and exercise programs. Martinsville's, IL 2678 chapter of TOPS meets on Tuesdays at 5:00 pm at the library, downstairs. For more information check out the TOPS website www.tops.org or call Jill at the library, 382-4113.

Toddler Time at the Library

Starting on September 21st the library will be hosting Toddler time on the 3rd Thursday of the month at 12:00 pm. Toddler time will continue through the end of the school year. This is a great time for little ones to play indoors when the weather isn't the greatest. There will be toys available for the toddlers to play with downstairs. The time will start with a short book read by Ms. JoAnn. The remainder of the time will be free play time. We do ask that you remain at the library with your little one. For more information please call Jill at 382-4113.

The library is looking for some gently used toys for this new program. If you have some that you would be willing to donate give us a call at 382-4113. We would really like to add some small ride on toys and a small plastic slide.

Help with Medication cost and Prescription Drug Premiums

The Clark County Life Center will be holding an enrollment Event for Extra Help with Prescription Drugs at the Martinsville Library on Monday, September 18th at 11:30 am. In order to qualify for this program you must have Medicare. There are income and asset limits for this program: Income for 1 person is 1528.00 a month and \$2050.00 a month for a 2 person household. If you have wages only ½ of this income counts. Asset limit 1 person is \$13, 820.00 and for a 2 person household it is 27,600.00. Note your car and your home you live in does not count as an asset. Assets are such as money in bank, 401K, stocks, bonds, or extra land outside of your personal home. If you fall in these guidelines, please come to this event and bring your Social Security card. Also know your income and assets or bring these with you. If you have your 1099 from Social Security, this is really helpful.

If you are over in income and do not have very much money in assets, please come and I will explain another way to get extra help by meeting Medicaid spend-down. If you are interested, we will set up time for a later date to get this processed. I can also answer any other questions you might have at this event.

If you have any questions or want to call and let me know that you will be attending, this would be appreciated, all walk-ins are welcome too. Please contact Jane Pine at the Life Center in Marshall at (217) 826-5155.

Protect your family with a furnace check. Getting a furnace check is a good idea to get the most efficient performance from your furnace this winter.

Having your furnace inspected will guard against the danger of carbon monoxide (CO). Carbon monoxide is a colorless, odorless, poisonous gas that kills more than 200 people in the US every year.

Contact a qualified contractor to have your furnace inspected.
